

## Message from The

### Managing Director

#### Welcome to First issue of the JIC news letter!

It is a writ conversation, reporting news and events that occur in our company on a quarterly basis. The newsletter will feature a list of contents that range from important information to encouragement and kudos to programmers and photographs that revolve around your work space.

If you'd like to be heard and have your point of view in print, here's your chance. On a quarterly basis the newsletter will feature letters from dedicated employees who wish to share their thoughts and ideas with the team. Please don't hesitate; we encourage you to constructively share your observations with us! Grab a pen, jot it down on a piece of paper and we will publish it for the team at JIC.

JIC was founded on the principle that with integrity, experience, hard work and most of all dedication towards a common goal, we as a team would be able to create a "great" company. I firmly believe that we are well on our way! And it's not surprising that in a relatively short passage of time we have been applauded and taken note of in the industry as a highly regarded and experienced service provider.

We are constantly being measured by our integrity, professionalism and our quality of our work. It's time to raise the bar that much higher!

I close with a promise. On behalf of the other Board of Directors and Shareholders and myself... We pledge to do our best to provide you with a long and a successful future here at JIC. Ensuring that there is plenty of opportunities for your growth and success. In return, we ask that everyone strive to make each job they part take in successful. This in turn will, as a matter of course, take JIC to greater heights.

**Robby Thommy**

## World Environment Day Celebration

Conducted at Al Jimmi Village Mussaffah on 5th June 2012

World Environment Day is celebrated to create an awareness of our environment and how each one of us can contribute for a better tomorrow. It is to educate all on the importance to come together to ensure a cleaner, greener and brighter environment for

themselves and for the future generations. We all can contribute by organizing programs for cleaning the neighboring areas / localities, planting trees, segregate waste for recycling and stop the use of plastic bags etc.

## Safety Week Celebration

*JIC is committed to ensuring a safe work place for all our employees whose safety and well being is of prime importance. We achieved 2 million man hours without LTI. Congratulations to all JICites. Keep it up!*

As an annual exercise to reinforce our commitment towards safety we held the Safety week from 23rd to 28th June 2012. Various refresher courses, training programs, competitions and role plays were conducted during this week. Co-operation from all employees of JIC ensured that it was a Grand Success.

We have conducted a survey to plan the future course of action and to evaluate the Unit with Highest Safety Compliance. The results of the same will be forwarded to all shortly. Wish you all the very best and safe stay at JIC.

## Food Carnival

To break the monotony and to create a lively environment, JIC initiated steps for holding Food carnivals at the various Camps at intervals in consent with our Clients. Due to remote locations & limited resources, we look forward to your suggestions to make it happen – Photographs of Food Carnival recently held at one of our Camp in the Western Region.

"JOKES"

Pajju Sir : Why did you get such a low mark on that EFST test?

Bogu : Because of absence.

Pajju Sir : You mean you were absent on the day of the test?

Bogu : No, but the guy who was suppose to sit next to me was absent.
