Testimonies of Team Members

In February 2007, I joined Gulf Catering Services(GCS) in Dubai, as an Assistant Cook. Thereafter in August 2009 when GCS had a JV in JIC, I was one of the first staff who was transferred onto the payroll of JIC.

I started my work in JIC as a Trainee Supervisor. This was my first experience in a Supervisory category. I took my job as a challenge and I had dedicated all my efforts towards the task at hand.

Within 6 month I was confirmed as Catering Supervisor and when my Unit Manager left I was given the responsibility of being the Unit Head.

After completion of fourteen months, as a Unit Head, I got an opportunity and a promotion to work as a Production Manager. I utilized this opportunity by acquiring more knowledge in Food Safety and HCCAP. The Company also gave me a lot of opportunities to undergo many courses in Food Safety Management.

Today when I look back in time, I feel so proud of my progression in my profession and job knowledge, that I owe this completely to God and the mentoring by the senior management of JIC. I would also thank all the members of my team who extended their complete support and cooperation.

Today I am working as a Project Manager and I have complete job satisfaction. I want to tell all JIC it's that nothing is impossible in this world. If you have the determination and will power to succeed, you will succeed! JIC is the right place for you to grow and develop your skills and it is also a place to have lots of fun. Our work is a continuous journey to excellence and not just a destination.
