

My dear JIC'ites,

I am delighted to present a Company to you that is 'built to last' and is proud to have continuously delivered since its inception in 2000.

Many aspects of our business contribute to corporate social responsibility (CSR). These include our commitment to health, safety, and the environment, technology development programs, and development of a diverse, inclusive workforce. It also encompasses our community involvement and commitment to being a responsible, legally compliant corporate citizen.

We have some of the best and brightest in their fields working for us. It's something we're proud of, we strive to be the industry leaders, and it shows in our work. We also ensure that we run our business according to the highest ethical standards.

JIC is currently moving ahead with its excellence program. We need to continue to grow and improve in the areas of excellence and we should always strive not to lose focus. We must always be committed to attain and sustain excellence at all stages of our business operations and processes. We look forward to reporting to you our ongoing progress in this important area.

If any of you have comments to make or solutions to offer do not hesitate to get in touch with me at robby.thommy@ajic.ae or do get in touch with one of your Supervisors or Line Manager's.

Sincerely yours

Robby Thommy
Managing Director

FAITH, TRUST & HOPE – THREE GOLDEN WORDS THE LIFE REVOLVES AROUND

- ✓ Once all villagers decided to pray for rain, on the day of prayer villagers gathered in one place, on that day one boy came with the umbrella - **Faith**
- ✓ When I throw my one year old baby in the air, he laughs, because he knows I (his father) will catch him - **Trust**
- ✓ Every night we go to bed, we have no assurance to wake up alive next morning, but still we set the alarm clock for tomorrow - **Hope**

Important Information

Three Facts of Recycling

- Up to 60% of the rubbish that ends up in the dustbin could be recycled.
- The unreleased energy contained in the average dustbin each year could power a television for 5,000 hours.
- The largest lake in Britain could be filled with rubbish from UK in 8 months.

Safety Tips

For Health

- Always answer the phone by left ear.
- Don't take medicine with cold water.
- Don't have heavy meals after 5pm
- Drink more water in morning, and take less at night.
- Best sleeping time is from 10pm to 4am.
- Don't lie down immediately after taking medicine.
- When battery is down to last bar, don't answer the phone as the radiation is 1000 times stronger.

GOOD BYE

When I look back at myself in February 2010, from an IT back ground I joined the Stores Department as an Store keeper with no overseas experience. The Management along with my superiors identified my potential of understanding the systems and continuously encouraged me on my operational performance.

As an recognition to my ability & hard work I was promoted as Asst.Manager stores in the year 2011, in the next six months when the procurement head left, I was given the opportunity to be the Procurement Manager, where I got the opportunity to learn all aspects of procurement.

As an IT back ground guy I always had the envy to be in the IT field and thus when the organization was upgrading its technological systems I was given the chance to explore & implement my ideas.

Today when I say adieu to all my colleagues & seniors after my 3 years journey with JIC, I would like to thank the Managing Director Mr. Robby Thommy & Operations Head Mr.Ashraf Shaikh' for their continuous support & leadership throughout the journey. At the same time I would like to inform every one of you if you are willing to learn & explore new things for your career development you are in the right place "JIC", Have fun throughout your journey, Good bye friends.

Visit to the doctor

Man: Doctor Wherever I Touch it Hurts.

Doctor: What do you Mean ?

Man: When I Touch my shoulder, my knee, my forehead-It hurts.

Doctor: I know what's wrong with you-You have a broken finger.

Food safety in report

Manager : Hey in the Report why u have entered all items mixed up of different categories.

Store in charge : Sir no one instructed to maintain different list.

Manager : Then why u have made separate list for chemicals ?

Store in charge : Sir, u don't know - we should not mix Chemicals and Food items it will contaminate.
