

*Chase Perfection ...
... Catch Excellence*

Dear Colleagues,

The last quarter was an exciting period for all of us at JIC. We were able to participate in the 12th cycle of Sheikh Khalifa Excellence Award (SKEA) and also undergo successfully recertification audits for all our 3 Management Systems.

During the preparation of SKEA documents, I was overwhelmed to see the enthusiasm and dedication of all JIC staff at every level to participate and deliver. This is a remarkable accomplishment, and a tribute to the passion and commitment you have showed to make JIC a company in pursuit of excellence.

**Chase Perfection.....
.....Catch Excellence**

This is not only our tag line but also what we stand for.

Please be assured that we cannot let up. We need to continue our momentum. You have proven that you are not just skilled and talented employees, but that you also have strength of character that makes you special. As we move forward, let's hold strong to our values of excellence, set our sights high and continue to keep the sense of urgency and humility that has carried us this far.

We are also proud of our awards, recognitions, and achievements, but we are constantly striving to improve our company in order to avoid becoming stagnant or complacent. We are dedicated to continuous growth within our company.

I'm encouraged to report that JIC continues to strengthen its long-standing commitment to creating long-term value in society by becoming a more sustainable and socially responsible company.

I believe two key elements are required to implement a successful CSR strategy, and JIC is diligently advancing on both fronts. The first is to actively integrate CSR into how we conduct our business and ensure that these concepts are not stand-alone initiatives. The other is to effectively engage our employees by making CSR a part of their performance expectations. By bringing these two important facets together, CSR becomes an integral part of our culture.

"The experience brought to life my personal mission that leadership is service and reinforced the true power of giving back."

I am personally grateful to you, who are responsible for implementing our plans and work very hard to delight our customers.

In the years to come, I look forward to celebrating with you the ongoing success of this great company.

Respectfully yours,

Robby Thommy

Five Golden Ways to relax

- Improve your eating habits - try eating more vegetables and less fat.
- Improve your drinking habits - instead of coffee, have a glass of water.
- Get comfortable: remove your shoes, undo your tie or neck button, loosen your belt etc.
- Fresh air: Open the windows and breathe in the fresh air.
- Slow down: Take a couple of minutes outdoors. Nature has its own way of calming your mind

Sheikh Zayed Grand Mosque, Abu Dhabi

The Sheikh Zayed Grand Mosque represents great sentimental and moral value & one of the most prominent and beautiful architectural monuments in the world. The Sheikh Zayed Mosque, is one of the world's largest mosques, with a capacity for an astonishing 41,000 worshippers. It features 82 domes, over a 1,000 columns, 24 carat gold gilded chandeliers and the world's largest hand knotted carpet. The main prayer hall is dominated by one of the world's largest chandeliers - 10 meters in diameter, 15 meters in height and weighing twelve tonnes. Reflective pools surround the mosque, amplifying its beauty.
