MANAGEMENT NEWS

Message from Managing Director

Dear JICites,

We have entered into the last quarter of 2015. This period will be very busy for all of us as we celebrate the various regional festivities with our customers. I am sure that each one of you will strive hard to give your very best as you have been doing all these months.

Our theme for this quarter is **environment conservation and protection**. I call for individual and collective actions from you all. The possibilities are endless. I would like to remind you to turn off the lights after leaving the room, don't keep the water tap open while applying soap, avoid taking excessive food which you are unable to finish etc.,

You would be happy to know that JIC has been shortlisted for the final presentation in the International Best practice in Manila, Philippines. We will be presenting our environment sustainability practice for this event. We had won this award in 2014 for **SPEARS Methodology**. We have also participated in the **Sheikh Khalifa Excellence Award - 14th cycle**. I thank all the teams who have worked very hard over the last 6 months to put together our document. We expect the SKEA assessors to visit us shortly. I am sure the assessors will be in for a pleasant surprise to see for themselves our systems and processes, which has helped us to keep our focus on our slogan **Chase Perfection.... Catch Excellence**.

We are eagerly waiting for the results of prestigious Arabia CSR Award 2015 which is scheduled to be held in Dubai on October 26, 2015

It is going to be a very exciting quarter and I wish each one of you all the very best and a safe holiday season.

- Robby Thommy

Journey with JIC

"I like to share this with you all how my life changed through years of hard-work and an unyielding thirst for excellence."

"I Joined JIC in the year 2012 as a production supervisor, I was performing my duties with sincerity and commitment. There was a situation where I was given an opportunity to prove my potentials, I worked very hard and proved that I could handle the tough situations."

This is when the management recognized his potential and gave him an opportunity to grow through the Sareeyah Program. He underwent a rigorous training plan and was constantly monitored by the Unit Head. After the review he has been promoted as the Camp Boss by the Management.

"I am very grateful to the management for giving me this opportunity to grow along with the company, there are no secrets to success. It is the result of preparation, hard work, and learning from failure"

- Manivannan Paul Nadar
Camp Boss, JIC

How we work in Stores

The Stores department at JIC ensures uninterrupted material supply to our various departments especially the production department. Our trained store keepers ensure that stock is always maintained as per each department requirement. The efficient methodology of stacking the materials used by our team enables them to effectively utilize the available storage space and have a proper and continuous control over the materials. Keep up the good work team. The JIC Management is proud of you!
