Dear JICites,

Looking back through the years, the journey with JIC is just getting so inspiring and overwhelming.

There is nothing compared to seeing good results being planned and achieved. This is exactly what you see once you step in the JIC world. For me, as a board member of the company, I had the privilege of being part of this joyful happening.

What differentiates JIC is not the type of services they offer, but the offered services are being given a spirit and identity. This identity is being formulated through the process of converting every practice and procedure set to reflect the values that JIC believes in. The beauty of the whole process, in addition of being managed with sound leadership, is also focusing on unleashing the outmost outcome of the best asset of any business: staff. Accordingly at JIC, behind every milestone achieved there is a dedicated staff that has worked hard towards achieving excellence.

On behalf of the Board, I would like to thank the staff of JIC for all achievements and also thank our customers for the trust they extended to JIC. We look to the future with great confidence being geared up with the Great Spirit that JIC is made of.

I wish each one of you and your families a blessed New Year!!!

- GEORGE DAHER (Director, JIC)
