Star of the Star

I would like to share with you all how these awards changed my life and my point of view of hard work and commitment towards work. I joined as a cleaner in the year 2011 and was performing my duties with conviction and commitment, as a result in the month of Oct 2012; I was awarded with the Star of the Month award. That didn't satisfy my chase for Star of the Star award.

I developed my skills and worked hard towards making my performance even better. My hard work was recognized and again I won the Star of the Month award in July 2016, The STAR OF THE STAR 2016 selection process was very stringent but I got through and eventually I was awarded the most covetous STAR OF THE STAR 2016 award.

I'm overwhelmed to receive this award. I am very happy and grateful to the management for recognizing my talents and giving me an opportunity to grow along with the company.

Work hard with dedication, you too can win this award.

If you can dream it you can achieve it. Nothing is impossible!!!

- Shivchandra Yadav
