MESSAGE FROM MANAGEMENT

Mr. Robby Thommy
Shareholder and Managing Director

Dear Valued Colleagues,

On behalf of our Shareholders and Board of directors, we want to extend our support to all our staff and acknowledge the contribution you've made for the start of 2020. We are always striving for organization excellence in our operations and sustainability.

To be honest, it has been a rocky start to the year 2020 due to the whole COVID19 outbreak that happened in the last week of February. Nonetheless, our top priority is to work together to make sure all our staff onsite and offsite are safe. We then look at how we can sustain or increase our performance in this market condition. It is very important you follow the health guidelines laid out by our HSE/ HR department. We have also circulated videos, posters and given topic discussions on how we can maintain our safety and hygiene in the coronavirus situation we are facing.

I would like to urge everyone to be observant and attentive to everything that is happening around them, in your workspace as well as in your personal space. We will be temporarily suspending until further notice, all staff welfare activities as per the instruction of the UAE government. The UAE government is doing their best and please follow all the laws/ rules laid out by the authorities. It is very important right now for all of us to be focused in our work and continue to perform to the expectations.

Continue to do your best and we hope that this epidemic will be resolved in the next couple of months. I expect nothing but excellence from my colleagues and we will continue to grow, no matter in whatever situation arises.

I would like to highlight a saying below for you to think about.

'Excellence is not a gift but a skill that takes practice. We do not act rightly because we are excellent, in fact we achieve excellence by acting rightly.'

Stay safe, wash/ sanitize your hands and keep your distance.

Assuring you always of my support.

Warm Regards
Robby Thommy

Corona Virus is a contagious viral strain that can be passed from one person to another person, via:

But **DO NOT FEAR** Coronavirus prevention is here! Follow these 6 simple steps to protect you, your friends and your family.

Step 1: Hands

Wash your hands for at least 20 seconds with soap every 60 minutes. If no soap is available use a hand sanitizer with at least 60% alcohol.

Step 2. Face

Avoid touching your eyes, nose and mouth as they're the most common entry points of the virus.

Step 3. Disinfect

Clean your work surfaces (desk, conference table, lunch area) using spray or disinfectant wipes

Step 4: Avoid Contact

Wash hands after contact with frequently touched objects, such as doorknobs, light switches, computers and fellow people.

Step 5. Self Care

You've got a better shot at fighting the virus if you have a healthy immune system: Sleep, eat nutrition food exercise and reduce stress.

Step 6. Travel

Please avoid all non-essential travel. Avoid public transportation. Avoid public gatherings and places such as malls, parks, and cinemas
